# Yash Agarwal

Artificial Intelligence | Data Science | Backend developer | Automation  
Jaipur, Rajasthan, India

## Summary

I'm a B.Tech student specializing in Artificial Intelligence & Data Science at Rajasthan Technical University, Kota.

I'm passionate about solving real-world problems using intelligent systems. My core strengths lie in:

Backend Development (Python, Flask, MongoDB)

Machine Learning & Data Analysis

Mobile UI with Flutter

Project Building with GitHub & Figma

My current project, ManasMitra, is a mental health support platform powered by AI and built using full-stack tools.

GitHub: [github.com/yashagarwal16](https://github.com/yashagarwal16)

Open to Internships & Entry-Level Roles in:

Artificial Intelligence • Data Science • Machine Learning

Data Analysis • Python Development • Backend Engineering

Open to: Remote & On-site | Anywhere in India

Let's connect and build something impactful!

---

## Experience

Edunet Foundation  
IBM SkillsBuild Intern in AI & Cloud Technologies  
July 2025 - Present (2 months)

- Completed a 4-week internship focused on Emerging Technologies (AI & Cloud), leveraging the IBM Cloud Platform and IBM SkillsBuild e-Learning Platform.
  - Gained practical skills in key areas including Cloud Computing, Artificial Intelligence, Data Analytics (hands-on and Cloud EDA), Chatbot AI, and AI & ML experiments in the Cloud.
- Worked individually under mentor guidance to identify problems and develop project solutions, culminating in a final project evaluation and submission.
- Participated in weekly virtual sessions and masterclasses led by Subject Matter Experts.
  - Received certification from the IBM SkillsBuild program and Edunet Foundation, enhancing employability.
- Demonstrated commitment to continuous learning and professional development in high-demand technological fields.

## Arya Group of Colleges-Jaipur

Student

September 2022 - Present (3 years)

Jaipur, Rajasthan, India

B.Tech in Artificial Intelligence & Data Science

Hands-on learning in ML, backend development, and project building

## MongoDB

Trainee

August 2024 - August 2024 (1 month)

Dublin, County Dublin, Ireland

NoSQL unlocked! Just finished my MongoDB introduction and earned 12 unit certifications. Excited to leverage this powerful database for scalable solutions.

#MongoDB #NoSQL #Certified #TechSkills #LevelUp

## LinuxWorld Informatics Pvt Ltd

Internship Trainee

July 2024 - August 2024 (2 months)

Jaipur, Rajasthan, India

Built REST APIs using Flask connected to Flutter frontend

Explored AWS services (EC2, Lambda)

Strengthened backend integration and deployment skills

## Cisco Networking Academy

### Trainee

June 2024 - June 2024 (1 month)

Successfully achieved student level Credential for completing the Introduction To Data Science course.

## Learn and Build

### Internship Trainee

August 2023 - September 2023 (2 months)

Jaipur, Rajasthan, India

I was completed a trainee and internship program in Robotics, where I gained hands-on experience in designing and building AI bots using Arduino Uno, Proteus, and other software tools. During the program, I worked on real-life projects such as developing a smart dustbin, creating sensor-controlled traffic lights, and building multiple AI bots. This experience allowed me to enhance my skills in robotics and AI while contributing to practical, innovative solutions.

---

## Education

### Rajasthan Technical University, Kota

Bachelor of Technology - BTech, Artificial Intelligence · (2022 - 2026)
